CAREER OBJECTIVE

Aspiring Software Engineer with a strong interest in Full Stack and Web Development. Skilled in both front-end and back-end technologies, with a focus on building responsive and scalable web applications. Eager to contribute to innovative development teams and grow in a dynamic tech environment.

EDUCATION

Prof.Dhanapalan College of Science And Management

B.Sc.,CS - Computer Science, Board - University of Madras

Percentage:87%

University of Madras

M.Sc.,CS - Computer Science

2022-2025

Chennai, tamil Nadu

pursing

Chennai, tamil Nadu

TECHICAL SKILLS

- **Front-end** – HTML, CSS, JavaScript
- **Back-end** – Python, PHP, Java
- **Databases** – MySQL
- **Frameworks** – Django
- **Software** – Windows
- **Tools** – MS Office

SOFT SKILLS

- **Leadership** - Successfully led a Team of 5 in Developing a real-time News App Using React and Node.js.
- **Strong Communication Skills**– Demonstrated through active participation and exhibit presentation in Techno Exhibit 2024, organized by the Department of Computer Science, Prof. Dhanapalan College of Science and Management.
- **Team Collaboration** - Collaborated Efficiently in Group Discussion and peer coding Session
- **Problem-Solving And Critical thinking** - Resolved Technical Challenges By Analyzing Issues And Applying Pratical, Efficient Solution

PROJECTS

Google Home API Developer Challenge - Smart Home Voice Control | [HTML, CSS, JavaScript](#)

2025

- Developed a voice-controlled smart home system using Google Home API, enabling control of fan, TV, speaker, and emergency lights with custom voice commands and assistant responses like "Fan is on."

Digital Study Material Website | [HTML, CSS, JavaScript, PHP, MySQL](#)

2025

- Designed and developed a web-based platform to provide digital learning resources for Computer Science students, including PDF materials and interactive quizzes. Focused on user-friendly navigation and responsive design using HTML, CSS, JavaScript, PHP, and SQL.

Personal Resume | [HTML, CSS](#)

2025

- Designed and developed a responsive personal resume using front-end technologies with an attractive layout. Included key sections like Education, Technical Skills, Projects, and Certifications with clean, print-friendly formatting. Focused on typography and alignment suitable for professional use and ATS (Applicant Tracking System) compatibility.

Besant Technologies | [Python with NetBeans IDE](#)

2024

- Completed practical hands-on projects during a Python training program:
- [Rock, Paper, Scissors](#) – CLI-based game logic
- [Guess the Word](#) – Word puzzle game using loops

INDUSTRIAL VISIT

Codebind Technologies - AI/ML

2025

Participated in an industrial visit to Codebind Technology in Coimbatore, where I observed real-time applications of Artificial Intelligence and Machine Learning.

Codebind Technologies - Web Development

2024

Successfully participated in an industrial visit to Codebind Technology in T. Nagar, where I gained insights into web development practices.

CERTIFICATIONS

Google - Crash Course on Python (Aug 2025)

Completed foundational training in Python programming covering problem-solving, data structures, and OOP concepts through Coursera.

Google Cloud - Introduction to Responsible AI (May 2025)

Completed professional Training on Ethical AI principles bias Mitigation, and best practices, Through SkillUp By Simplilearn.

Microsoft – Get Started with Web Development using Visual Studio Code (May 2025)

Completed foundational training on web development setup, tools, and best practices using Visual Studio Code.

Techno Exhibit 2024

Presented a project on Full Stack Development at the Department of Computer Science, Prof.Dhanapalan College of Science And Management, Chennai.

Besant Technologies - Python

Python Full-Stack Besant Technologies Completed a training program focusing on Python programming, Django framework, and web development.
